But then I realised that many maths teachers consider them to be pointless, a waste of teaching time and a welcome removal from the curriculum. Now let's think about this for a minute. Admittedly stem and leaf diagrams are rarely Stem-and Leaf and Box and Whiskers Plots. A stem-and-leaf plot is a display that organizes data to show its shape and distribution. In a stem-and-leaf plot each data value is split into a "stem" portion and a "leaf" portion.
